## ABOUT THE KEYNOTE SPEAKER

**Dr. Katharine Wilkinson** is a climate author, strategist, teacher, and vice president at Project Drawdown. Her publications include *All We Can Save* (forthcoming), *The Drawdown Review*, the New York Times best-seller *Drawdown*, and *Between God & Green*. Time recently featured Dr. Wilkinson as one of 15 "women who will save the world." Find her @DrKWilkinson.

## ABOUT THE CONFERENCE

*Hosted by Clean Energy NH & the Local Energy Solutions Workgroup, the LES Conference is the only event of its kind that delivers the latest topics and knowledge from leading experts, innovative ideas and best practices, and best-of-the best networking opportunities. The LES Conference has been hailed as the "go-to event of the year" and is known as the premiere conference for energy in NH, selling out with 350+ attendees each year.*

## ABOUT THE CONTENT

*The LES Conference delivers knowledge far beyond that of traditional renewable energy generation. Topics include clean energy & energy efficiency policies and technologies, cutting-edge technologies and case-studies such as energy storage, micro grids, & beneficial electrification, building infrastructure & housing, clean tech and emerging sectors, electric vehicles and sustainable transportation, planning, zoning, & community best practices, and beyond!*

## WHY SPONSOR?

*Sponsorship grants your company unsurpassed access to the decision-makers and industry and community leaders that build projects, design policy, and pioneer clean energy, clean tech, energy efficiency, and sustainable transportation across the Granite State.*

## LEARN MORE & CONNECT

*Visit the official conference website at [www.cleaneenergynh.org/les-conference](http://www.cleaneenergynh.org/les-conference). Contact [brianna@cleaneenergynh.org](mailto:brianna@cleaneenergynh.org) or call 603-226-4732 to discuss or confirm sponsorship*
